Comments	<input type="text" value="As I understand the back gardens are already limited on this row of very pretty traditional cottages, I am concerned that the impact on quality of outdoor recreation for the neighbours by such an extension would be very detrimental, and that this would be out of character with the rest of the dwellings. Needless to say, the inconvenience of building such a large project would be considerable to the neighbours, with parking already in short supply. If the property is to be extended then we can assume there will be additional vehicles, which this neighbourhood cannot support."/>
