<b>Comments</b>	<input type="text" value="We wish to object to the planned conservatory extension for the following reasons: *The conservatory will have an adverse effect on our privacy as it will allow anyone inside to have an uninterrupted view out across a large proportion of our currently private back garden. *The Old Dovecote is built on a site where the land slopes away at the back quite steeply, so a large conservatory extension sited at this height actually looks and feels more like a first floor extension, indeed on the plans it is described as being at 'upper ground level'. *Aesthetically this UPVC style construction will adversely affect the look of the property which is sited in a conservation area, as it will cover a large proportion of the rear wall of this Horton stone-built house. We hope CDC will refuse this application."/>
