I want to comment on planning application 22/00385/SO but there appears to be no facility to do this on the planning page. I object to this application as it will destroy historic farmland and the intrinsic landscape character to the east of the A361. I used to live in Middleton but had to move because the infrastructure of the M40 was terrible and being stuck in traffic a regular occurrence at different times of the day. In the 1990s too much office space was built, in the 2000s it was over supply of retail space now it seems we are going the same way with Warehousing.
