Dear Sir/Madam

I wish to lodge my objection to the proposed development of the land to the east of the A361 and the Frontier Park development. My reasons are two-fold: 1. The development will have a negative impact on the interesting visual character of the landscape to the east of the A361 which includes hills. 2. I am concerned the road infrastructure will not be able to cope with the increased traffic too/from such a development. This is already under extreme pressure with numerous large lorries causing congestion and delays on the roundabout, and this doesn't yet include the increased traffic from Frontier Park, which is still an unknown quantity. I don't believe this would be viable without a major re-design of the roads and roundabout.

I wish you to consider the above points which I believe require reasonable mitigation before giving permission for the development.

Kind regards

Mr Robert Paul  
Chacombe
