<b>Comments</b>	<input type="text" value="1 I understand that Oxfordshire and Cherwell are up to quota with housing requirements. So this is not a necessary addition. 2 The foul water drainage from Shenington is already at capacity and fails regularly, so adding to the load will cause more issues and more effluent discharge. 3 The increase of traffic on Rattlecombe Road and through the village will increase congestion and danger on roads that are barely adequate. 4 The addition of more housing will change the character of one of the best preserved Ironstone villages, irrevocably and not in a beneficial way."/>
