<b>Comments</b>	<input type="text" value="I wish to object to the planning application for the large number of houses to be built in the small village of Shenington. I don't believe the amenities in the village, ie sewerage, roads (the roads in and out of the village are narrow with many houses set on the roadside) and public transport are sufficient to cope with the additional residents and traffic this would bring. I understand Shenington is a category c village and so this large development in the village surely does not fit within this category. Shenington is also within an area of natural beauty and a large development such as this will inevitably affect the wildlife and environment, especially during the construction phase, in the village. I don't believe this development will bring any benefits to the existing village, only stress and upset to the existing residents."/>
