<b>Comments</b>	<input type="text" value="It is plain to anyone living in the village that Shenington does not have the infrastructure in place to support such a development and the additional cars that these new homes would bring: 1_ The sewage system is already problematic 2 _ Road congestion is already severe during school pick-ups 3 _There are no shops 4_ There is a limited bus service 5 _We have an over subscribed school 6_ We have tiny little pub that overflows on evenings and weekends And whilst i completely understand the pressing national need for new homes surely the focus should be on more urban areas with the infrastructure to support them rather than a tiny little country village, much of which is in a conservation area, and whose infrastructure is already struggling as it is. I do not support this application for all the above reasons."/>
