Comments	<input type="text" value="Proposed development on Shenington Airfield by Elan Homes As a resident of Shenington of almost 50 years I would like to express my concern over the scale of the proposed development on Shenington airfield by Elan Homes. I consider that the present sewerage system for the villages of Alkerton and Shenington is incapable of development on the scale needed for the proposed development There is an inadequate bus service and consequently there would be a very significant increase in car traffic. The road from Shenington through Alkerton to the main road has two dangerous bends and is unsuitable for the consequent level of traffic. Moreover there are no shops or similar facilities in the villages apart from The Bell public house. My CV: I am aged 98, acted as parish church warden for over 40 years and treasurer to the village school for over 25 years."/>
