Comments	<input type="text" value="Here by we object to the development as the village can't cope with so many additional residents. 1. There are no recreation facilities for the children like a football field, they have to play football on the Green which is not ideal. The Green is a small space and next to the main road. 2. Also there is no play ground for the children in the village parents have to go to anther village if they want to take the children to a play ground. 3. We need to preserve the green belt for future generations. 4. The development will bock our view to the country side."/>
