<b>Comments</b>	<input type="text" value="The reasons for my objection are as follows, 1) Great impact on the character and appearance of the Village in countryside. The site transgresses the Conservation Area and the Village Fringe Character Area. 2) The road network is not capable of the proposed number of vehicles for this development. 3) There is limited public transport through the Village, therefore more villagers will buy more vehicles for their own convenience, which will certainly cause chaos in the Village. 4) The Shutford Waste Treatment Works is operating at capacity and we have already had extensive problems with the current sewerage system. 5) The power station and the grid are operating at capacity."/>
