Comments:

I believe that housing is needed across the UK and we should all share the burden. That said, this development will increase the size of the village by a third without any commensurate increase or improvement in infrastructure. The roads in and out are small and poorly maintained and are not fit for purpose for this increase in dwellings. There is no shop, a minimal bus service and no playground or recreational areas for children. I would support approx 15 new houses as this would be supportable without changing the nature of the village. This development will ruin a village which as per the Cherwell local plan is meant to be limited to infill or conversion of existing buildings
