<b>Comments</b>	<input type="text" value="I am concerned the proposed development will be detrimental to the functioning of the village of Shenington. I am not convinced it is either infill or conversion which is the stated criteria for further building in Shenington. I am also concerned it will increase the village population so as to put further pressure on infrastructure such as traffic on the narrow village roads and particularly the sewage system which has been known to overflow from time to time."/>
