| Comments | <input type="text" value="I live on Stocking Lane and went to Shenington School, which is already too full to accommodate many more people the proposed development would bring. Traffic coming in and out of the village and going to use the doctors surgery is already too busy and it is dangerous for me and children younger than me, to go and see our friends who live over the main road or down the hill in Alkerton. The traffic is also very busy going to the doctors surgery. The proposed houses do not look like houses in our village. The bus service is not good - the times are not often so we end up using cars rather than buses. I hope you will regret the proposal. It is not infill or redevelopment."/> |
