Comments	Cropredy Parish Council asks that Cherwell District Council ensures the proposed site plan including drainage scheme does not bring any increased risk of flooding, and that the site plan is not substantially different from that envisaged during the Appeal in November 2021. Cropredy Parish is likely to be affected by any increased flooding as it is believed that any surface water flows towards Cropredy Primary School. In addition, the site plan drawings on Cherwell's planning register are marked as 'superseded' and the latest drawings do not appear to have been included.
