Transport Development Control

Recommendation

Select Recommendation

Key issues

The plan EV Charging Strategy Ducting Provisions only shows provision for EV charging to units 449, 451 and 453. All remaining dwellings are not provided for. This contravenes Policy EVI 8 of the County's Oxfordshire Electric Vehicle Infrastructure Strategy, which states:

"Where parking is to be provided, planning permission will only be granted for developments if:

- *Provision is made for EV charging points for each residential unit with an allocated parking space;..."*

The County can not recommend discharge of this condition until provision for EV charging is made for all dwellings.
