### **Recommendation**

Objection

### **Key issues**

The plan EV Charging Strategy Ducting Provisions only shows provision for EV charging to units 449, 451 and 453. All remaining dwellings are not provided for. This contravenes Policy EVI 8 of the County's Oxfordshire Electric Vehicle Infrastructure Strategy, which states:

*"Where parking is to be provided, planning permission will only be granted for developments if:*

- *Provision is made for EV charging points for each residential unit with an allocated parking space;..."*

The County can not recommend discharge of this condition until provision for EV charging is made for all dwellings.
