

Station Information:

Station	Easting (m)	Northing (m)	Level (m)		
GH1	450107.031	213083.997	65.398		
GH2	450079.742	212950.933	65.277		
GH3	450058.134	212838.994	64.522		
GH4	450031.807	212709.639	63.848		
GH5	450013.569	212575.556	64.170		
GH6	449980.101	212484.481	64.891		
GH7	449931.199	212368.390	66.285		
GH8	449907.642	212265.012	66.687		
GH9	449852.990	212277.958	67.187		
GH10	49829.414	212406.723	66.850		

OS Note:
Some services may have been omitted due to parked vehicles.

urveyed Buildings

This survey has been orientated to the Ordnance Survey (O.S) National Grid OSGB36(15) via Global Navigational Satellite Systems (GNSS) and the O.S. Active Network (OS Net).

A true OSGB36 coordinate has been established near to the site centre via a transformation using the OSTN15GB & OSGM15GB transformation models.

The survey has been correlated to this point and a further one or more OSGB36 (15) points established to create a true O.S. bearing for angle orientation.

No scale factor has been applied to the survey therefore the coordinates shown are arbitrary & not true O.S. Coordinates which have a scale factor applied.

Please refer to Survey Station Table to enable establishment of the on-site grid and datum.

			Legend:			
Buildings	Overhead Cable	IC	Inspection chamber	Во	Bollard	
Wall	Concrete edge	Plnv	Pipe invert	IB	Illuminated bollard

This plan should only be used for its original purpose. Greenhatch Group accepts no responsibility for this plan if supplied to any party other than the original client.

All dimensions should be checked on site prior to design and construction.

Drainage information (where applicable) has been visually inspected from the surface and therefore should be treated as approximate only.

should be treated as approximate only.

Notes:
