

30<sup>th</sup> August 2021

Dear Resident

**TOWN AND COUNTRY PLANNING ACT 1990  
OXFORD NORTH, BICESTER**

A planning application is being prepared for a proposal comprising a new high-quality research & development and production facility of Siemens Healthineers for superconducting magnets for medical devices used in MRI systems, on land to the north of the A41 and east of the M40 near Junction 9 known as Symmetry Park, Oxford North.

A public exhibition has been arranged and you are cordially invited to view these emerging proposals on:

**TUESDAY 14<sup>TH</sup> SEPTEMBER 2021**

**BETWEEN 3PM – 8PM**

**AT CHESTERTON COMMUNITY CENTRE, 2 GEMINUS RD, BICESTER, OX26  
1BJ**

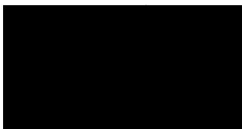

Please note that face coverings are required to be worn.

Unfortunately, the venue capacity is limited to 30 people at any  
one time - we will do our best to manage any queues accordingly.

All information displayed will be available online in any event from  
14<sup>th</sup> September at [www.framptons-planning.com](http://www.framptons-planning.com)

Members of the planning team will be available at the exhibition to show the proposals and answer questions.

Yours sincerely

Peter Frampton
