Comments	The traffic on the A41 i/ jct 9 M40 is already a nightmare as it is. I would struggle to understand how the traffic flow Will be managed? The a41 is a dangerous road to drive, this would add extra hazards There is also no need for such infrastructure just there, to ruin even more green spaces. Unless it would be built as a green eco infrastructure. Also who would pay for any road works / road layout changes? If this would be CDC, then that is not where I would want my tax money to go as we have been waiting for our play park for 2 years in our street.
