Comments	<input type="text" value="the visual harm would be detrimental to residents of Stoke Lyne (and those walking on nearby footpaths) especially to those whose houses have windows / gardens facing the site. Night time lighting would exacerbate the problem. The village has suffered light pollution from the Motorway Services Area for over 20 years as well as the drone of HGV engines through the night-time but should these proposals be accepted the issues would be on a whole different scale."/>
