Comments	<input type="text" value="my reasons for objecting to this proposal are 1 - The environmental impact - noise to local residents, the negative effect on wildlife, there are populations of Badgers, foxes and deer in this area whose habitat is diminishing to dangerous levels. Light pollution for people but also the local bats and owls. Irreversible damage to the landscape, we should not be building on greenfield sites 2 - Traffic implications - the area surrounding the proposed development the A43, can not cope with the traffic as it. 3 - The lack of need for more warehousing in this area. Towcester and Northampton have huge developments surely there is no need for more"/>
