Case Officer	David Lowin
Organisation	
Name	Nicola
Address	April Cottage,28 Main Street,Mixbury,Brackley,NN13 5RR
Type of Comment	Objection
Type	neighbour
Comments	<p>I object to this application for a number of reasons. The impact that this will have on the environment, locally, nationally and globally. Such as the noise and light pollution, from the construction of the site, then from the amount of traffic accessing the site once it's in use. The risk to flooding due to water run off because yet more land is being concreted over. The impact the whole site will have on the local wildlife and population of that wildlife will be devastating . This development will only add more pollution into our environment adding to the global environmental disaster we are already facing. The roads around this area are not strong enough or cared for enough to cope with the extra traffic that will be using them. This extra traffic will not only add to the environmental impact of the site but will also create a huge amount of extra traffic on the local roads causing more problems for locals. This development will also contributed to the devastation of rural countryside and our green spaces which just keep on getting smaller.</p>
