Comments	We moved to heyford park because it's actually felt like we lived in the. Oh try side . Having housing is one things and this builds the lovely commuter have here but building warehousing at the door step to such a big housing community isn't just poor short minded thinking z currently we see beautify flora and Fona during th months of years . All this beauty in the country side would be lost . It ruins the whole country side living . It's going to start feeling like living in Milton Keynes where all you see and feel is warehouses . Pretty short minded . Oxfordshire should pride their country side rather than ruin it for future generations to come . The roads are already beyond poor dismal condition image the situation when we have warehousing on the door step . Completely ruin the quiet peace surrounding here .
