Comments	I would like to strongly object to any attempt to build on any of the proposed green field sites. It is unthinkable that the limited green space we have should be allowed to be built upon when there are useable brown field sites available. As a Middleton Stoney resident, I am very concerned about the loss of fields around my home, the loss of habitat for wildlife that we witness in those fields - red kites, barn owls, hares and numerous others and the huge impact that this will have on traffic through our village. I object in the strongest possible terms to this development.
