| Organisation | <input type="text"/> |
| Name | <input type="text" value="Vanessa ALLEN"/> |
| Address | <input type="text" value="The Long Barn,Street Through Bainton,Bainton,OX27 8RL"/> |
| Type of Comment | <input type="text" value="Objection"/> |
| Type | <input type="text" value="neighbour"/> |
| Comments | <input type="text" value="I would like to strongly object to this development proposal for several reasons: > The site is not served by public transport so will generate even more traffic flows, on top of all the HGVs serving the site > Living in the nearby rural hamlet of Bainton, the B4100 access road is already highly congested, backing up to the Hardwick or even Stoke Lyne access roads at peak times. The traffic congestion will be huge. Already, commuters use the very narrow Bainton lane at high speed as a cut-through at times of congestion > The combination of this proposal with the other proposals in the immediate vicinity will have a massive combined effect on the local transport network > It will visually change forever the rural setting of the area, becoming instead a giant industrialised site >The effect will be to land an industrial park on the edge of Stoke Lyne with all the impact of light, noise and visual intrusion that this will bring day and night."/> |
