Comments	<p>I wish to object. This is the third proposal which will impact on the visual aspect along with noise pollution of the natural country side near to Stoke Lyne and surrounding villages. This land is not identified for any development other than agricultural land in the local plan. At present this area with it's natural wild life, unpolluted night skies free from noise and air pollution will be lost if a warehouse is built. Logically there will be a large increase in traffic adding to the congestion already experienced at peak times.The queues of traffic back up from Baynards Green to the turn off to Stoke Lyne adjacent to this proposed construction on a daily basis. As there are numerous warehouses currently being constructed in the surrounding area e.g. Banbury / Towcester, and as I understand unfilled in Bicester, please consider the points made and rational for extra warehousing such as applied for in this third application. Thank you.</p>
