Comments	I strongly object to this proposal. The site is not located in the local plan and should remain as farmland. The site is in open countryside and it would cause huge visual harm and have a negative effect on the landscape. The site is not in a suitable location. The local road network is already overstretched. Baynards Green Roundabout already has long traffic queues in morning and evening peak times. Turning right onto the B4100 from the Stoke Lyne and Hardwick turnings is already difficult due to traffic volumes and this will only be made worse. There would also be a very unsatisfactory increase in emissions and noise pollution. The development site is within sight of St Peter's Church, Stoke Lyne a Grade 2 star listed building which would harm the setting of the Grade 2* listed building.
