Case Officer	David Lowin
Organisation Name	Kate Parsons
Address	Forge House,Street Through Stoke Lyne,Stoke Lyne,Bicester,OX27 8RU
Type of Comment	Objection
Type	neighbour
Comments	The proposed development is a shocking proposal that will increase the existing congestion issues around Baynard's Green roundabout, cause irreparable environmental damage, transform an area of natural peace and tranquility into an industrial zone. The intersection between the B4100 and the A43 already sees significant delays at busy times of day. The increased number of vehicles at this junction will add significantly to delays and to air pollution caused by vehicles crawling to the junction. It appears that the area North of Bicester is merrily being developed with no sensitivity to its character or history - almost as though it has been earmarked as an area that lacks significance or importance. In the area designated for development, it is not unusual to encounter wildlife - owls, deer, hares - and that is without actively seeking them. The proposed development is effectively a rape and pillage of a natural habitat and should absolutely not be allowed to proceed.
