Comments	<p>I have delayed putting in my objection in the hope that this would just go away. I had thought that someone would see reason and put an end to this. I have lived with my family in Stoke Lyne for 17 years. I have watched as the countryside around us has slowly been eroded by new developments and more litter by created by places like McDonald's. PLEASE do not destroy what we have. We have watched as traffic round us has increased over the years. If this development goes ahead. It would lead to even more not to talk of the added light and noise pollution. It's hard to understand how there could be any justification for this round here. We do not have a problem with unemployment it is therefore hard to understand who will stand to gain other than the developers. Please do not blight our landscape any further and destroy our small haven. It is my sincere hope that someone will see reason and stop this development from going ahead.</p>
