Comments	<p>I object to this application. The proposal is not inline with the local plan and far more suitable land is already in use nearby, this development should be diverted there or to another suitable site. The proposal ruins more countryside in Oxfordshire and urbanises this village and merges it with an industrial estate with no doubt more housing to follow. We own a public house nearby and cannot get staff and I therefore have no belief that employment is needed in this area and cannot be a reason why this development is needed. I am concerned about noise and the unsightly nature of the proposal, this will literally change the lives of some people and for the worse, it's is immoral how much some will be affected, Lone Barn in particular. We currently enjoy dog walks near to this site and this does us all some good, we are an unhealthy nation and this proposal further takes away walking routes and countryside. There are so many reasons this development shouldn't happen, I can't think of one reason why it should. It will bring nothing good with it.</p>
