Comments	<p>This really cannot go ahead. This area, Bicester and surrounding villages, will soon be swallowed up by warehouses. There are already warehouses near Ambrosden also on Howes Lane. This will cause more traffic on our roads, not just cars of people travelling into work but also the HGV's going to and from the warehouses. The environmental damage will be on a massive scale. We need to keep our green land, keep our wild life. Instead of digging up the countryside why not use disused warehouses in inner cities or on the outskirts, where jobs are needed and the infrastructure is already there. This is wrong, it should not go head. Have a look elsewhere, there are many other places to build these sorts of warehouses where you don't need to ruin the countryside and the wildlife. There are places that are run down that could be used with less impact on our countryside and the environment. PLEASE DO NOT BUILD HERE</p>
