Case Officer	David Lowin
Organisation	
Name	Evonne Letch
Address	9 Truemper Grove,Caversfield,Bicester,OX27 8FD
Type of Comment	Objection
Type	neighbour
Comments	<p>This application will have a dramatic effect on the quality of life of local residents and wildlife. The congestion and economical impact to the area should this application go ahead will be detrimental to the area. With the developments seen on the a41 in the past few years and the housing developments in Elmsbrook and Kingsmere the town is already struggling to cope with the growing population. The road infrastructure can not cope with the current demand as it is. I currently struggle in traffic trying to get in and out of Bicester at rush hour there is no longer a ring road around the town as this has been engulfed by previous planning applications. Should this development take place it will only make the situations worse. I've lived in Bicester for over 22years now and have seen first hand the green space disappear. The rise in air pollution and the impact this will have on my child and other residents childrens quality of life and that of the local wildlife is not being taken into consideration. I can not see any benefits to the community or local residents by allowing this development to take place. I would like to object profusely to planning permission being granted for this development.</p>
