Organisation	<input type="text"/>
Name	<input type="text" value="Jane Lang"/>
Address	<input type="text" value="1 The Glebe ,Aynho ,Banbury ,South Northants ,OX17 3AZ"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Aynho has become a thoroughfare for large goods vehicles since we moved here in October 2010. The traffic volume and speed of the traffic has increased noticeably in the last 3-4 years, coinciding with green and brown belt development in the surrounding areas. The B4100 is used as a shortcut for vehicles to go to between Banbury and the M40/A43 and there have been a number of collisions on the B4100 road in Aynho in the last couple of years. Speed and careless driving in general have been key factors in these incidents. The road is not designed to encourage careful driving nor was it designed to take the volume of traffic it now carries. Safety is a huge concern as is the environmental impact of increased traffic flow. Any increases to traffic flow through Aynho will inevitably lead to increased likelihood of collisions, pollution (including noise pollution) and a potential risk to villagers who wish to cross this road as pedestrians."/>
