Comments	<p>This will have a huge NEGATIVE impact on the village of Stoke Lyne, negative impacts include:</p> <p>1) Industrial units will stand out massively and not be in keeping with the countryside- not pleasant to view and will disrupt the wildlife in the area.</p> <p>2) Pollution will be increased in the air and only add to the UK global warming problems.</p> <p>3) Traffic levels will increase on the A43 and surrounding roads, more pressure on the lack of infrastructure already in place to cope with the level of cars on the road. This will result in more cars cutting through the village, most of these vehicles will speed through above 30mph as they do already.</p> <p>4)Stoke Lyne is a quiet peaceful village - this will be destroyed if planned proposals were to go ahead with more noise from traffic.</p> <p>5) No benefit to the local economy in any way.</p>
