It will decimate the natural habitat of local badgers and red kites in Stoke Lyne and surrounding areas.

The other side of the A43 there is already a business park which would better serve the purpose. The roads will also better serve the increased traffic there.

The increased traffic will damage local village roads, listed properties etc and take away safe places for our children to cycle.

Roman artefacts have also been found on the surrounding land

It would also impact the wildlife in Stoke Lyne woods, a local area of beauty and serenity for wildlife and locals.

I therefore object.
