Good morning,

I'm emailing to object to proposed plans for building on land near Heyford - application number 22/01340/OUT.

I've been trying to object to this using the online form but the site keeps crashing so I've been told that I can file my objection in this way.

As a resident who lives particularly close to the proposed planning site, I am disappointed and saddened at these plans and object completely. The additional buildings, and specifically of this nature, will leave a huge mark on the beautiful landscape. They will result in a huge increase in traffic, fuel emissions and a destruction of our green spaces. Not to mention the increased noise that building such as this will generate on a daily basis - are there any guarantees that this noise can and will be kept under a certain level?

Please can you confirm receipt of my objection to these plans.

Many thanks
Rachel Clarke
