You don't often get email from [REDACTED] [Learn why this is important](#)

**CAUTION:** This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender and know the content is safe.

I am emailing regarding the planning application 22/01340/OUT. I have tried to lodge my **objection** on the website but it is not working.

My name is Melanie O'Brien and I reside at 3 New Cottages, Stoke Lyne, Blcester OX27 8RY  
my email address is [REDACTED]

Our beautiful countryside is being destroyed up and down the country with these awful industrial units. Many of the current ones are standing empty so we do not have the need for more.

The destruction to the countryside and wildlife living there will be irreparable. We have nesting red kites as well as foxes, badgers, deer (including our native species), hedgehogs (which are native and endangered now) and many many more species of plants, mammals, birds and insects.

The traffic, noise and light pollution created from the project will be astronomical and will have a huge impact on the wildlife and the residents living in such close proximity to the area. Both myself and my son have lung conditions (my son has asthma and I have cystic lung disease) . The pollution created from the work in building these units and also from the use of them once completed, will have a massive impact on our health and exacerbate our conditions and symptoms.
