Dear sirs

As your Web site will not allow me to lodge my objection to the above planning application please accept this as my formal objection to the application.

This seems to be an unnecessary development when there are already empty warehouses in the area and surrounding district, the road infrastructure cannot cope at present and there is already a rail terminal at the Drift only a few miles away.

If however it is considered as acceptable you must specify all buildings have solar panels fitted to their entire roofs, instead of taking up more agricultural land for solar farms.

Thank you,
John Deacon.
