Comments	<div><p>I would like to strongly object to this huge development which is planned to take another rural park of Cherwell away from us all. The area is not contained within the local plan for either development or employment use and therefore should be refused solely on that basis. There is no exceptional requirement for further logistics in this particular area. if the developer wishes to use that as a reason then they need to seek out an area with low unemployment where perhaps their proposal would be more welcome.</p><p>The area although not far from the M40 is rural and habitat to much wildlife, this would all be destroyed by such a monstrous development. 'Blot on the landscape' would be a very apt phrase for these huge buildings in what is now a very pretty location.</p><p>i urge the committee to reject this application</p></div>
