Comments	<input type="text" value="I strongly object to this proposal as it will have a hugely detrimental impact on the countryside and wildlife in this area of North Oxfordshire and the people who live in the surrounding villages. There will be a substantial increase in traffic in the area which is already congested at peak times of the day and the air, noise and light pollution will be significant."/> <input type="text" value="I recently attended a 'consultation' event for the proposed rail freight terminal between Ardley and Heyford which we learned will be overwhelmingly road haulage and not rail freight. This Symmetry Park proposal was not even referenced or shown on their plans. There is also a plan for a new eco town adjacent to Bucknell. How can all this development in one area be appropriate and sustainable?"/>
