Comments	<p>I cannot envisage anyone who has a modicum of sense would allow this development. The damage, not only to the countryside would be irreversable? Increased traffic, pollution, noise etc should not be sacrificed under any circumstances.</p> <p>If these developments are allowed to be built then the countryside may as well not be called the countryside anymore. I have no doubt this developoment wil be declined and by the Inspectorate on appeal as only someone that is devoid of what is important in this world would approve such an ill thought out, ill conceived development.</p> <p>Please decline this application based on the preservation of our wonderful world that is being slowly but surely being eaten away by those who care not for the long term future of this planet.!!!</p>
