Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="When are we going to start prioritising nature and our environment over corporate greed and development. Our countryside, the green fields, the hedgerows full of bird life, the copses full of badgers, foxes, mice, bats and countless other important species. This area is becoming so ugly and barren, please preserve the little beauty we have left for the community's mental health and well-being."/>
