Comments	<p>i Urge the committee to reject this application.</p> <p>The proposed location is not part of the local plan for either development or employment. Bicester and the surrounding villages do not need more large-scale warehouse type developments, least of all in a rural location that would ruin another slice of countryside. There is NO exceptional need in the Cherwell area for either logistics or Employment and perhaps if the developer wishes to use this as an argument, they should find a more suitable location that is in need.</p> <p>The location near Stoke Lyne is very attractive and rural this would be completely destroyed and the habitat for wildlife removed forever. Air and light pollution would be considerable especially given the extra HGV movements and 24hr a day operation.</p> <p>please reject this application</p>
