Subject: PLANNING APP 22/01340/OUT

Mrs Jean Ramsey
4A Hardwick Road Hethe nr Bicester Oxon OX27 8EY

To whom it may concern

I am writing to object in the strongest terms to the above planning application.

What is planned flies in the face of all the green agenda.

- There will be an increase of car use as there is no public transport employees will use their cars; increasing traffic on narrow country lanes;
- The destruction of agricultural land at a time of great food uncertainty
- Loss of wild life habitat

This monstrosity will devour yet more pristine sites. Surely enough wild life habits have been sacrificed in our area already. The whole of Bicester has huge storage developments springing up on all sides.

What exactly is going to be distributed?

We should be thinking local, small scale environmentally friendly developments.

Why am I planting bee friendly plants; thinking carefully about my family's carbon footprint when my local government are contemplating such a huge development with such an impact on the local environment. How do I explain it to my grandchildren?

Throw this out!

Mrs Jean Ramsey
