Comments	<input type="text" value="The Stoke Lynn Road is already used as a rat run and getting busier. No need for more warehouse developments on green land. These should be located next to motorways to stop further pollution to our countryside and wildlife in rural areas. You are stopping vehicles accessing our cities due to pollution yet allow the destruction of the countryside. We moved from the city 18 months ago to escape the noise and pollution and for a better quality of life. Stop now, there is no undoing the damage once it's done!!!"/>
