Comments	Please do not approve more devastating changes to our area. We are already subjected to the impactful dreadfulness that is HS2. Once the fields are built on we will lose them forever. We live in an ever decreasing oasis; this application will further ruin what is left of our environment, decimating our wildlife havens, bio diversity and add to the increasing rural destruction. There is no justification for yet more warehousing in this area; Bicester and Banbury already have been surrounded by such infrastructure. Unnessesary additions will ruin forever our environment, with added light, traffic, noise, and pollution. Please do not grant this application - we need to be robust in protecting rural areas against damaging urban sprawl and rely on Cherwell to protect and safeguard north Oxfordshire. Please do not let this application through on your watch.
