Comments	<input type="text" value="I am writing to object to the proposed development of a Tritax Symmetry park at Stoke Lyne and my reasons are as follows:
1. It is too far from an urban area and thus unnecessarily destroys a pocket of rural England.
2. It would open the doors to more urban sprawl around junction 10 of the M40 which is unnecessary.
3. It will destroy natural habitat and create a sterile environment.
4. It will contribute to yet more light pollution which adds to the release of yet more carbon into the atmosphere. This is hugely damaging the natural biorhythms of both wildlife and people. Light pollution has been linked to a number of health issues."/>
