Comments	<input type="text" value="This would be a terrible loss of green space and would adversely impact the lives of thousands of local residents. Increased traffic and building works would be detrimental to the physical well-being of residents and the development in general would have a long term impact on mental well-being. Whilst it may be argued that rail freight would ease traffic, I believe the opposite will be the case and these large warehousing will result in a huge increase in road traffic."/>
