Address	67 Broad Way,Heyford Park,Bicester,OX25 5AD
Type of Comment	Objection
Type	neighbour
Comments	<p>Firstly, I do understand that we have to make changes and some changes detailed in this plan are beneficial, i.e. more employment in the area and improved rail and road connections. I consider that most are NOT beneficial. I list below.</p> <ol style="list-style-type: none">1. Increased traffic in this area. The local roads, which are mostly country roads, are not built for heavy traffic. The roads seem to already suffer because of the heavy lorries etc. using them, possibly because sat-navs define their route, and are not repaired satisfactorily.2. Much of the surrounding land, currently used for growing crops and cattle, will be used to build warehouses which no doubt will remain empty for some time. How are these poor farmers going to continue to provide food for the ever-increasing population.3. The effect on the wildlife will be devastating. We pull down trees, we remove hedgerows, we remove grassland. We need insects for pollination. Every animal plays a part in the life-cycle. Their needs will be severely disrupted regarding noise level, light pollution and nesting habitat. <p>Summary: This is NOT the way to improve things. We have several brown field sites in the way of airfields. Why can these not be used instead of green field sites.</p>
