Comments	<p>The planning for this is ludicrous. Wild life, air plution, traffic congestion, noise polution, to suggest a few. This is not needed in or around any countryside villages. Better off in a town or city with robust infrastructure which will be easier to get to. So much space already around Banbury or Bicester, with empty warehouses everywhere. Why build more? Keep building, where are we going to grow our food? Where are children going to play safely. Where will all the rain go? With climate change on the rise, and more rain in the future, this will lead to flooding and will cost the government thousands. It will add to the planet being destroyed even further. Not needed!!!!!!</p>
